It's not just a journey. It's an exclusive experience.

A full day along the spectacular south coast of Mallorca, from the port of Palma to the turquoise waters of Es Trenc, with four swimming stops and a gastronomic proposal that accompanies the entire journey.

We set sail from Palma at 9:00 am heading south, skirting the bay and leaving the silhouette of the Cathedral behind. We will anchor in Cabo Blanco for brunch and make a long stop at Es Trenc – one of the last unspoiled beaches in the Mediterranean – and we will end the day in Cala Vella, enjoying the sea from the water and without the crowds on the shore.

Everything is designed to offer an elegant and relaxed experience. The number of places is very limited for the size of the catamaran, guaranteeing ample space on deck, a select atmosphere, and personalized service throughout the day.
